The City of Raleigh Parks, Recreation and Cultural Resources Department invites submission of qualifications for consulting services for the preparation of an Environmental Assessment pursuant to the National Environmental Policy Act (NEPA) for the proposed Falls of Neuse Whitewater Park. The EA/FONSI will be prepared in accordance with the National Environmental Policy Act (42 U.S.C. 4321), the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR, Parts 1500-1508), and United States Army Corps of Engineers (USACE) Environmental Assessment guidelines. The consultant will collect and map appropriate socio-economic, hydrologic, land, and environmental data to allow for the development and analysis of feasible alternatives, as well as other requirements of the Environmental Assessment, in coordination with City of Raleigh staff and staff from the USACE, Wilmington District. The Falls of Neuse Whitewater Park feasibility study was completed in 2011, and the conceptual plan was adopted by the Raleigh City Council on May 17, 2011.
